

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN APPLICATION BY FARMDALE WATER)	
DISTRICT TO DEVIATE FROM COMMISSION)	CASE NO. 9900
REGULATION 807 KAR 5:066, SECTION 5(4))	

O R D E R

IT IS ORDERED that Farmdale Water District ("Farmdale") shall file an original and seven copies of the following information with the Commission with a copy to all parties of record no later than June 15, 1987. If the information cannot be provided by this date, Farmdale should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Such motion will be considered by the Commission. Farmdale shall furnish with each response the name of the witness who will be available at the public hearing for responding to questions concerning each item of information requested.

1. Provide a summary of any operational deficiencies of the existing water system that have been indicated by hydraulic analyses or that are known from experience.

2. Provide detailed information on Farmdale's source of supply. Identify fully, connection points, location of treatment facilities, pumping facilities, and other appurtenances required to furnish water to the District.

3. Provide a map of suitable scale that clearly shows the layout of Farmdale's existing water mains with pipe sizes clearly shown. The map shall show the locations of connections with sources of supply and boundaries of the District.

4. Farmdale shall furnish complete information on its water storage facilities. This information shall include the type, capacity, and location of each storage facility.

5. Provide the total water consumption for Farmdale for the year 1986. Provide the average daily water consumption and the largest one-day consumption for the same period.

6. State whether Farmdale has any financial obligation to the Farmers Home Administration. If so, provide a copy of correspondence from FmHA containing its comments on Farmdale's storage situation.

7. During the history of Farmdale's operation has the source of water supply ever been out of service? If so, what was the longest period of interruption?

8. In the event of an interruption in the source of water supply how will water be provided for such places as schools, hospitals, and other critical facilities?

9. Provide copies of the curtailment procedures of Farmdale's source of water supply and provide copies of its water purchase agreements with Frankfort Electric and Water Plant Board.

Done at Frankfort, Kentucky, this 7th day of May, 1987.
